DECLARATION BY ISABELLE THIBAUDEAU

- 1. I, Isabelle Thibaudeau, am an employee of THOMSON, and I hold the position of Patent Administration Assistant.
- 2. I am responsible for providing our patent counsel in foreign countries with the necessary paperwork to file patent applications on behalf of THOMSON in their respective foreign countries.
- 3. In the course of my duties, I attempted to obtain a signed Declaration from the inventor for U. S. Application Serial No. 10/531,217.

- 4. The last known address of Jean-Stéphane Villers is:
 - 16 Passage des Ballades, 95800 Cergy Pontoise, France.

Application No.: 10/531,217 Docket No.: 11345/120001

5. I sent a first letter to Jean-Stéphane Villers on April 28, 2005, to a previously known address. The first letter included a Declaration and an Assignment. I received confirmation that the first letter was received at Jean-Stéphane Villers' previously known address (See TAB 1).

- 6. I subsequently received the unopened first letter. On the envelope, there was a stamp indicating that Jean-Stéphane Villers no longer resided at the previously known address (See TAB 1).
- 7. I sent a second letter, including the Application as filed with the USPTO, the Declaration and the Assignment, on February 28, 2006, to Jean-Stéphane Villers at his last known address. I received confirmation that the second letter was received at Jean-Stéphane Villers' last known address (See TAB 1). I received no response from Jean-Stéphane Villers.
- 8. Jean-Stéphane Villers is currently employed by NDS. I have attempted to contact Jean-Stéphane Villers several times at his current employer, NDS. I have sent e-mails to our contact person at NDS, Frederique Durand, in attempts to obtain the inventor's signature (See TAB 2). During the time that I was exchanging e-mails with Frederique Durand, I was informed by NDS that the inventors did not want us contacting them at their home addresses (See TAB 3).
- 9. As evidenced by the e-mail from NDS dated January 31, 2006, inventor Jean-Stéphane Villers refused to sign the Declaration and Assignment documents because he disapproved of the language contained within the documents (See TAB 2).
- 10. After being instructed by NDS that inventor Jean-Stéphane Villers may be willing to execute the documents if the language was modified to require no further action on his part, I obtained revised versions of the documents and forwarded the revised documents

Application No.: 10/531,217 Docket No.: 11345/120001

to Frederique Durand in an e-mail dated February 22, 2006. I have received no response from Frederique Durand or from Jean-Stéphane Villers.

I, Isabelle Thibaudeau, hereby declare that all statements made herein of my own knowledge are true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Signed this day ______, of March_2006

Bonjour Frédérique,

L'inventeur, pour ces deux dossiers, est Monsieur Jean Stéphane VILLERS et nous ne sommes jamais parvenus à le joindre par courrier (il semblerait que l'adresse dont nous disposons ne soit plus d'actualité).

Dans la mesure où nous devons faire parvenir à l'office américain les documents de cession et déclaration se référant aux dossiers cités ci-dessus, je me permets de vous les annexer (nous attirons de nouveau votre attention sur l'importance de cette affaire puisque les délais finaux ne seront pas prolongeables).

Je vous souhaite une bonne semaine, Cordialement, Isabelle

Good morning Frederique,

The inventor, for both of these cases, is Mr. Jean Stephane Villers and we were unable to reach him by mail (it appears that the address that we have is outdated).

As we have to submit the Declaration and Power of Attorney and Assignment documents for the above referenced applications to the U.S Office, I take the opportunity to attach them to this message (we wish to remind you how important this issue is since we are approaching the absolute deadline).

I wish you a nice week,

Sincerely,

Isabelle

Bonjour Frédérique,

Pour faire suite à votre demande, nous vous prions de trouver ci-joint une copie des articles du Code US, cités dans les documents de cession et déclaration requérant la signature des inventeurs. Nous vous précisons que l'assistance requise auprès des inventeurs se limite, dans l'état actuel de notre fonctionnement, à la stricte signature des documents de cession et déclaration. Il n'y a pas à notre avis au regard de la loi d'obligation supplémentaire.

Nous sommes toutefois contraints par l'Office Américain des Brevets de diligenter tous les efforts auprès des inventeurs pour l'obtention de ces documents, qui se traduisent notamment par l'envoi de courrier en lettre recommandée.

Nous vous remercions par avance de votre collaboration.

Cordialement.

Isabelle

Bonsoir Isabelle,

J'ai quelques soucis avec les documents que vous souhaitez que nos collaborateurs signent.

Il est fait à de multiples reprises référence à des articles du code fédéral des règlementation dont la violation est assortie de condamnations pénales. Il nous faudrait une copie des articles en question.

D'autre part, ce document crée une obligation d'assistance potentiellement lourde - points 1, 2 et 3 de l'avant dernière page du doc- que certains ne sont pas prêts à signer (Philippe Perrot à failli ne pas accepter, il y a 15 jours).

Merci de voir si vous pouvez alléger ces obligations.

Cordialement, Frédérique

Bonjour Frederique,

Pursuant to your request, please find here attached excerpts from the US Law, which are quoted to in the Declaration and Power of Attorney and Assignment documents requiring the inventors' signature. We confirm that, at the stage we are in, all which is required from the inventors is strictly limited to the execution of the Declaration and Assignment documents. There is, according to us, no other legal requirement.

However, the U.S Patent and Trademark Office aks that we use every means possible to have the inventors execute these documents, including sending our request by registered mail.

Sincerely,

Isabelle.

Bonsoir Isabelle,

I have a few concerns with the documents that you wish to have executed by our colleagues.

In multiples instances, reference is made to excerpts from the federal code of rules and regulations, the infringement of which, may have serious legal consequences. We would need a copy of such excerpts.

Also, because of points 1, 2, and 3 on the first page of the Assignment document, some inventors feel that they take a risk by signing this document as the level of liability is too high and as such do not want to execute it (Philippe Perot almost refused to sign 15 days ago).

Thank you for enquiring how these requirements may be alleviated.

Sincerely,

Frederique

Bonjour Frédérique,

Suite à votre demande, nous avons demandé à notre agent américain de bien vouloir "alléger" le texte du document de cession et plus précisément de supprimer les points 1, 2 et 3 qui posaient problème aux inventeurs.

Je vous saurai gré de soumettre à Monsieur Jean Stéphane VILLERS la nouvelle version du document de cession ci-joint. Pour ce dossier, nous avons un délai non prorogeable au **5 mars prochain** et j'espère que les modifications apportées au présent document engendreront une coopération de sa part. Selon les exigences de l'USPTO, en cas d'absence de signature, je serai alors contrainte d'adresser à nouveau ces documents à l'adresse personnelle de l'inventeur en lettre recommandée avec A/R.

Je me permets de vous joindre également le document de déclaration qui lui n'a pas subi de modifications majeures mais qui doit être également signé par l'inventeur.

Cordialement, Isabelle

Bonjour Frederique,

Pursuant to your request, we have asked our American Associate to "alleviate" the content of the Assignment document and more precisely to cancel the items 1 thru 3 with which the inventors had issues.

I would be thankful if you could give this new version to Jean Stephane VILLERS for execution. In this case, the non-renewable deadline is March 5 and we hope that now that the document has been modified he will cooperate. Based on the USPTO guidelines, I will have no choice but to send again these documents to the inventor's home address via registered mail.

I also take this opportunity to attach the Declaration document which has not been modified but which also needs to be executed by the inventor.

Sincerely,

Isabelle

Isabelle,

I thank you for this piece of information. However, I cannot make the inventors execute these documents. If you wish to have their signature, it would be best to modify the scope of the requirements.

Bonjour Madame,

Nous avons bien reçu les documents et vous en remercions. Toutefois, nous venons de constater que le document de déclaration CPT02019DECL. n'était pas revêtu de la signature de M. Villers (signature requise page 3). Dans la mesure où le délai final expire le dimanche 5 mars 2006 (prolongé de fait au lundi 6 mars, à savoir aujourd'hui), je vous saurai gré de bien vouloir faire signer ce document par M. Villers et me le faxer ce jour. Par ailleurs, nous avons également reçu les documents relatifs à la demande CPT02012, requérant également la signature de M. Villers, et pour lesquels le délai expire fin mars. Je vous remercie par avance de votre coopération.

Good morning,

We are in receipt of the documents, thank you.

However, we noticed that Mr. Villers did not sign page 3 of the declaration document.

The final deadline being on Sunday March 5, 2006 (now postponed to Monday March 6, that is today), we would greatly appreciate if you would have this documents signed by Mr. Villers and faxed to us today.

Also, we have received the documents pertaining to the application CPT02012 which need to be executed; the deadline for execution is the end of March.

I thank you in advance for your cooperation.

Importance : Haute

Bonjour Frédérique,

Suite à votre demande, nous avons demandé à notre agent américain de bien vouloir "alléger" le texte du document de cession et plus précisément de supprimer les points 1, 2 et 3 qui posaient problème aux inventeurs.

Je vous saurai gré de soumettre à Monsieur Jean Stéphane VILLERS la nouvelle version du document de cession ci-joint. Pour ce dossier, nous avons un délai non prorogeable au 5 mars prochain et j'espère que les modifications apportées au présent document engendreront une coopération de sa part. Selon les exigences de l'USPTO, en cas d'absence de signature, je serai alors contrainte d'adresser à nouveau ces documents à l'adresse personnelle de l'inventeur en lettre recommandée avec A/R.

Je me permets de vous joindre également le document de déclaration qui lui n'a pas subi de modifications majeures mais qui doit être également signé par l'inventeur.

Dear John,

As you certainly know, we are experiencing great difficulties with the patent portfolio acquired from CANAL + TECHNOLOGIES in getting inventors' signatures.

We have received instructions from NDS according to which all formal papers requiring inventors's signatures should be forwarded to Human Resourses, NDS.

It was clearly requested not to contact inventors at their direct home address.

We have besides recently being asked to alleviate the content of the forms which was found to be unacceptable by inventors.

Please note that Isabelle are working on a list tracking cases, for which declaration and assignments still need inventors signature.

As soon as this document is completed (tomorrow at the latest), we shall forward it to you so that we may have a common check on this list and decide the appropriate action to initiate.

I shall revert to you tomorrow as the table is completed.

Please of course feel free to contact me if you any further information.

Best regards
